# Think before you travel

It's fun to travel to new places. But tourism can be bad for the environment. There are too many tourists in some cities and on some beaches. Tourists usually arrive by car or plane. So places that are usually quiet and beautiful are noisy and dirty. This can also be dangerous for animals that live there.

But tourism can be good too because it makes jobs for local people. Tourists stay in hotels and they go to restaurants and shops. They buy food and souvenirs.

Ecotourism means your trip is good for the environment and helps people in the place you're visiting, too. You don't have to stay in a big hotel.

Accommodation in a local family's home is cheaper and more interesting. You learn more about the culture of the country – the history, food and music. You don't have to fly or travel by car, you can travel by coach, train or bike. It's a better way to go sightseeing.

Conservation projects can help endangered animals and their habitats. Some tourists spend their holiday taking part in projects like this. They look after animals, study local plants and wildlife or tidy up beaches and forests. So before you travel, think about how you can help at the same time!

Hi, Celeste!

We're having a fantastic time on holiday!

We travelled here in a local minibus.

We're staying in a tree house in the village! The tree is in a local family's garden. We have dinner with them in their house. They're teaching us about their culture and we're learning Portuguese!

Tomorrow, we're going to join an ecotourism project. We're going to learn about local wildlife and how to protect it.

On Wednesday, we're going to go on a tour in the rainforest. I'm going to take a lot of photos.

### THE PALACE GARDEN

The first garden was there in 1877. It was very different then. There weren't any trees, and the lake was a small pond. Then, in 1901 a famous explorer wanted the town to have a garden, so she donated money to plant trees and flowers. Now we're starting a big eco-project here.

On Saturday and Sunday, we want people to come to the garden and help us. We're going to plant trees, water the plants, paint the fences and tidy up the rubbish.

Please come along!  
We're going to have a big picnic. You can travel here by bike, bus, train or the underground. Bring food and drink to share and come and enjoy the beautiful garden!
