5 Read the fable and write the moral.

One day, a butcher gave a hungry dog a nice meaty bone. The dog was very happy as it walked away carrying the bone in its mouth. The dog walked a short distance until it reached a bridge. It stopped at the centre of the bridge and started its feast. Suddenly, it looked down into the water and saw another dog with a bone in its mouth. This other dog was looking up with angry eyes. The greedy dog thought, 'I want my bone and that bone, too.' The dog opened its mouth to bark at the dog in the water. As soon as the dog opened its mouth, the bone fell with a splash into the stream. The dog jumped into the stream, but of course, there was no dog in the water and no bone, either. In fact, the dog now had no bone. Its bone was at the bottom of the stream and the other bone was nothing but a reflection!
