

The sound of music

5

The Recycled Orchestra

People in the community of Cateura in Paraguay are poor. They don't have money to buy musical instruments. So they make their own instruments – from rubbish! They build violins from metal boxes, they make guitars from tins, and they use old spoons, coins and keys to make trumpets. Now the Recycled Orchestra plays all over the world!

Do you like trying new things? Every week on *The Teenage Challenge*, a different teenager tries something new. This week, it's fifteen-year-old Hannah. Her challenge is to go to a classical music concert.

BEFORE THE CHALLENGE

What type of music do you like, Hannah?

R&B is cool, pop music is alright, but my favourite is rap. It's fast, fun and loud! I never listen to classical music, so I've got no idea what it's like. My friends think it's terrible. They say it's boring, and they think this challenge is hard!

THE DAY OF THE CHALLENGE

What's happening, Hannah?

I'm at the concert hall. It's a fantastic building. I'm really excited! There are people of all ages, but most of them are older. A lot of people are wearing smart clothes, but not me! The lights are going down and the musicians are getting ready to start. See you later!

AFTER THE CHALLENGE

What do you think of classical music now?

I quite like it! It's more interesting than pop music, and more relaxing than rap. It's quieter and you have time to think. Do I want to go again? Maybe, but I still prefer rap!

- Lena: That's the most expensive guitar in the shop!
- Mateo: It's also the coolest! So, what's the best guitar for beginners?
- Lena: Probably this one. It's easier to play than other guitars. It's £150.
- Mateo: That's still expensive.

- Lena: I've got an idea: borrow my guitar! The worst thing is to buy a guitar now. You aren't sure it's the instrument for you. When you're sure, you can look on the internet – the lowest prices are often online.
- Mateo: Good advice. Thanks, Lena.

Why learn an instrument?

Many children learn to play an instrument when they are young. In the UK today, seventy-six percent of children do this. The most popular instrument to learn is the keyboard. And playing a musical instrument is good for us. Why?

- A** Scientists think that people who play an instrument become more intelligent. It changes their brain. They have a better memory and get better marks in tests.
- B** Playing an instrument also helps with physical things. When we learn to play an instrument, the brain sends quicker messages to our body, and our hearing can get better too.
- C** It's relaxing. When we play an instrument, we put our feelings into the music. And if we're worried, music helps us.
- D** We can play with other people. It's good to learn how to work together in a team. That's important for when we get a job.
- E** It's fun and exciting. People listen to music and they're happy. It's a great feeling – to make people happy with music.

So why are you waiting? Learn to play an instrument and change your life!

become (v) begin to be
brain (n) the part inside your head that makes you think and feel
